Career Objective

Third year **Computer Science Engineering** student driven by a passion for **Software Development, Problem Solving, and Innovation**. Seeking opportunities to contribute to building **scalable, efficient, and reliable solutions** for real-world problems while fostering **collaboration and transformation**.

Skills

Programming Languages: Java, JavaScript, C++, Python

Technical Tools: Git/GitHub, MongoDB, REST APIs, MySQL

Relevant Courses: Data Structures & Algorithms, OOPs, System Design, Database Management System, Operating Systems, Computer Networks, Software Engineering

Interpersonal Skills: Adaptability, Continuous Learner, Innovative Mindset, Team Leadership, Problem Solving, Critical Thinking, Attention to Detail, Time Management

Projects

Chess Online | React.js, Node.js, Socket.IO, Redis [GitHub Link](#) May 2026
– Developed a **real-time multiplayer chess platform** with room creation, live gameplay, and unlimited spectator support using **Socket.IO** and **WebSockets**.
– Implemented **server-side chess move validation**, game state management, in-game chat, and scalable architecture using **Redis pub/sub**.

Face Authentication Attendance System | Python, OpenCV, DeepFace, Streamlit, SQLite | [GitHub Link](#) August 2025
– Built an **AI-powered attendance system** using **ArcFace face recognition embeddings** for real-time face authentication and attendance tracking.
– Integrated anti-spoofing techniques, **SQLite database management**, and a responsive Streamlit interface for secure and efficient user verification.

2D Adventure Game | Java, Java Swing, OOP [GitHub Link](#) April 2026
– Developed a **tile-based 2D adventure game** using **Java Swing** with collision detection, object interaction, and real-time gameplay mechanics.
– Implemented **modular game architecture** with player movement, collectibles, sound effects, UI rendering, and a **60 FPS game loop**.

Achievements

• House of Turing Hackathon: **3rd Prize Winner**, Chandigarh University August 2025

Certifications

• **Operating Systems and You: Becoming a Power User** | GOOGLE | Coursera  February 2026
• **Programming in Python: A Hands-on Introduction** | Codio | Coursera  February 2025
• **Java Programming for Beginners** | IBM | Coursera  February 2026
• **Carrers in Web3 | Ascent Circle**  July 2025

Education

Chandigarh University, Gharuan, Mohali <i>Bachelors in Computer Science Engineering</i>	CGPA: 8.29 2024-2028
St Mary's Higher Secondary School, Dimapur <i>Higher Secondary Certificate (CBSE)</i>	68% 2022-2024
Mar Gregorios Memorial Senior Secondary School, Dimapur <i>Nagaland Board Of School Education Certificate (NBSE)</i>	73.83% 2021-2022
